Das Zachman-Framework

	What? Data	How? Function	Where? Network	When? Time	Who? People	Why? Motivation	
Scope	List of Entities	List of Processes	List of Locations	List of Events	List of Organizations / Agents	List of Goals/ Strategy	**Planner**
Enterprise Model	Entity Relationship Model	Process Flow Diagram	Logistics Network	Master Schedule	Organization Chart	Business Plan	**Owner**
System Model	Data Model	Data Flow Diagram	Distributed System Architecture	Processing Structure	Human Interface Architecture	Knowledge	**Designer**
Technology Model	Data Design	Structure Chart	System Architecture	Control Structure	Human/ Technology Interface	Knowledge Design	**Builder**
Components	Data Schemata	Program	Network Architecture	Timing Definition	Security Architecture	Knowledge Definition	**Subcontractor**
Functioning System	Database	Function	Network	Schedule	Organisation	Strategy	**User**
	Software Architecture		**System Architecture**		**Enterprise Architecture/ IS Architecture**
